TORNADO SAFE ROOM PROTECTION ZONE

Date: August 1, 2013

RE: Fredericktown Community Tornado Safe Room

Dear Friend and Neighbor of the Fredericktown School District:

We are pleased to announce that the Fredericktown Community Tornado Safe Room has been completed and is now ready for use during tornado and dangerous high wind events. The Tornado Safe Room is on the Fredericktown Middle School Campus and is located at 825 Hwy 72 East.

The Tornado Safe Room is owned by the Fredericktown School District and its first function is to provide protection for the students and staff during tornado and extreme high wind events during school hours.

The Tornado Safe Room will also be available for residents in the community that do not have basements or other safe rooms that live within what we refer to as the "Tornado Protection Zone" (TPZ).

The TPZ in which you are located (see enclosed map), is the intended tornado protection zone throughout the year. Due to estimated time necessary to reach the Safe Room after a warning has been given and the maximum capacity of 1,837 persons, including the student body and staff, the Tornado Safe Room cannot provide guaranteed protection for those located outside the TPZ.

I have enclosed a TPZ Map, a Safe Room Floor Plan MAP, and a Special Needs Form (physical impairments, special medical alerts, aid animal instructions, etc. to be completed and returned to myself within one week from receipt of this letter). If you have any questions please do not hesitate to contact myself or the Fredericktown Central Office staff (573-783-2570).

Sincerely,

Chadd Starkey,

Superintendent
